CIRCULAR 68

Dear ASA Members

As announced by the ASA President, Mr Aleck Skhosana, at the 2016 ASA QGM, ASA will from now on, prepare its teams in 4 year cycles with the 2020 Olympic Games in Tokyo Japan as the ultimate objective.

Please find attached the ASA Selection Criteria that will be used to select Teams to represent South Africa from 2017 onwards.

It is important to note that the ASA Selection Criteria do not operate in isolation. All decisions taken when selecting teams, using the criteria below, will be based and supported by the **ASA Selection Policy**, which are available on the ASA website www.athletics.org.za.

An extraction from the ASA Selection Policy and Principles state:

“Question: What are the main, and perhaps the only reason for sending teams to represent Athletics South Africa at any competition?

Answer: To send teams to bring back honour to South Africa.

Honour can only be achieved through top class performances. So for us in athletics, honour will be reflected primarily in the number of medals we achieve at any competition.

But of course, whilst we would like to send as part of our teams only athletes who have a potential to win medals, we also need to prepare for the future and at the same time address the demographics of our teams to ensure that the teams represents all communities in the Athletics South Africa.”

It must be noted that all announcements of Teams or Preparation Squads by ASA will allow for a period of appeal, to ensure that the selection process remain as transparent and fair as possible.

Athletics greetings
